

Lightweight and completely portable, medela® breast-pumps offer unmatched versatility and convenience with mains power or battery operation. The fully automatic working principle of medela® breastpumps corresponds precisely and naturally to a nursing baby's sucking cycle.

**Features of the medela® Breastpumps**

- ◆ An adjustable vacuum control lets you select your own comfort levels to maintain gentle and effective pumping.
- ◆ Attaches to all standard baby bottles.
- ◆ Dishwasher safe (excluding motor).
- ◆ 12 month warranty.

**Swing - \$275**

Latest generation electric breastpump with 2-Phase Expression which perfectly adapts to the daily routine of a dynamic mother. Ideal for frequent or occasional expressing - handy, trendy and quiet.

**Mini Electric - \$155**

The small electric Breastpump with optimal comfort for home use or when traveling. Ideal for short-term and occasional use. Gentle and effective breastmilk expression.

**Mini Electric Plus - \$255**

Perfect for expressing breastmilk when out and about or at home. Single or double pump can be selected. Mains or battery operation. Double expression considerably reduces pumping time.

**Harmony Manual Breastpump - \$90**

Featuring 2-Phase Expression pumping— initial rapid rhythm promoting let down, then slower once milk is flowing. Ergonomic swivel handle. Gently massaging SoftFit breastshield.

**Manual Breastpump - \$45** Suitable for short-term and occasional pumping needs. Features automatic vacuum release with each piston stroke.

**Mini Electric Conversion Kit - \$135**

Motor and mains adapter converts medela® manual breastpump to Mini Electric.

**Pump in Style Advance - \$620**

Featuring 2-Phase Expression pumping, with this electric Breastpump in a trendy backpack the active and working mother is fully equipped for expressing any time, any place, every day. Ideal for frequent and extended use. Single or double pumping. Removable motor unit and Cooler Carrier. Electric or battery-powered.

**Spare Parts – for Medela® Breastpumps and Breastfeeding Products** are available as required.

**Breastmilk Bottles box of 3 - \$ 20**

Breastmilk bottles are ideal for breastmilk storage and can be attached directly to medela® Breastpumps. 3 bottles with lids for feeding or storing milk.

**Breastshells box of 2 - \$29**

Protect sore and cracked nipples. The healing process is helped by air circulation. Ideal when used with Purelan 100. Soft back for pleasant and discreet wear.

**Breastmilk Bags box of 20 - \$29**

Especially designed for the collecting, freezing and storing of breastmilk, while maintaining the quality of the milk.

**Cooler Carrier - \$70**

To cool, store and transport milk. Offers additional room for all the Medela retail breastpumps except the Pump in Style. Includes milk storage bag with cooling element, 4 bottles and feeding lids, and carrier bag with long handle.

**Contact Nipple Shield box of 2 – Small, Med, Large \$25**

For use with painful or sore nipples. With an open section so baby stays in contact with mother's natural smell.

**Disposable Bra pads in boxes of 30 only \$11**

Ultra absorbent, hygienic and keeps you dry. They provide comfort and fit while being soft, light, thin and discreet.

**Milk Collection Shells box of 2 – \$24**

Collect leaking milk and protect clothing. Soft back and contoured shape ensure discreet and comfortable wear.

**Nipple Former box of 2 - \$29**

Gentle pressure on the areola helps prepare flat or inverted nipples for breastfeeding. The soft back ensures discreet and comfortable wear.

**Purelan 100 7g - \$13 and 37g - \$22**

100% natural lanolin for the care of cracked and sore nipples. No additives or preservatives. No need to remove prior to breastfeeding.

**PersonalFit Breastshield – 21mm - \$24**

Customised two-piece system to accommodate the needs of mothers with smaller than average nipples.

**PersonalFit Breastshield – 27mm, 30mm, 36mm - \$24**

Customised two-piece system to accommodate the needs of mothers with larger than average nipples.

**Quick Clean Micro-Steam Sterilisation Bags box of 5 - \$25**

Fast, convenient, safe cleaning of milk bottles, breastshields, tubings. Use each bag 20 times

#### SoftFit Breastshield - \$24

For use with all **medela**® breastpumps instead of the standard breastshield. For particularly gentle expression for sensitive breasts.

#### Washable Bra Pads box of 4 - \$24

Soft, absorbent and breathable, bra pads absorb leaking milk and protect clothing.

#### Special Feeding Products:

#### Supplemental Nursing System - \$75

For long-term supplemental feedings at the breast. Keeps the baby on the breast, ensuring the stimulation to maintain lactation and the intimacy between mother and baby.

#### Special Needs Feeder (Haberman) - \$70

Helps ease feeding complications. For babies with nursing difficulties, particularly children with cleft lip/palate, weak babies or babies with Down's syndrome or other neurological difficulties.

#### SoftCup Advanced Cup Feeder – \$70

Eases transition to breastfeeding. Designed for use when health care professionals recommend cup feeding or for feeding babies for whom nipple confusion is a concern.
